

In the United States Court of Federal Claims

OFFICE OF SPECIAL MASTERS

No. 20-296V

UNPUBLISHED

MAUREEN MULVENA,

Petitioner,

v.

SECRETARY OF HEALTH AND
HUMAN SERVICES,

Respondent.

Chief Special Master Corcoran

Filed: November 3, 2021

Special Processing Unit (SPU);
Ruling on Entitlement; Concession;
Table Injury; Influenza (Flu) Vaccine;
Shoulder Injury Related to Vaccine
Administration (SIRVA)

*Leah VaSahnja Durant, Law Offices of Leah V. Durant, PLLC, Washington, DC, for
Petitioner.*

Laurie Wiesner, U.S. Department of Justice, Washington, DC, for Respondent.

RULING ON ENTITLEMENT¹

On March 16, 2020, Maureen Mulvena filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*² (the “Vaccine Act”). Petitioner alleges that she suffered a Table injury – Shoulder Injury Related to Vaccine Administration (“SIRVA”) – as a result of her November 14, 2018 influenza (“flu”) vaccination. Petition at 1. Petitioner further alleges that she suffered the residual effects of her injury for more than six months, and that there has been no prior award or settlement of a civil action on her behalf as a result of her injury. See Petition ¶¶ 10-11. The case was assigned to the Special Processing Unit of the Office of Special Masters.

¹ Because this unpublished Ruling contains a reasoned explanation for the action in this case, I am required to post it on the United States Court of Federal Claims' website in accordance with the E-Government Act of 2002. 44 U.S.C. § 3501 note (2012) (Federal Management and Promotion of Electronic Government Services). **This means the Ruling will be available to anyone with access to the internet.** In accordance with Vaccine Rule 18(b), Petitioner has 14 days to identify and move to redact medical or other information, the disclosure of which would constitute an unwarranted invasion of privacy. If, upon review, I agree that the identified material fits within this definition, I will redact such material from public access.

² National Childhood Vaccine Injury Act of 1986, Pub. L. No. 99-660, 100 Stat. 3755. Hereinafter, for ease of citation, all section references to the Vaccine Act will be to the pertinent subparagraph of 42 U.S.C. § 300aa (2012).

On October 29, 2021, Respondent filed his Rule 4(c) report in which he concedes that Petitioner is entitled to compensation in this case. Respondent's Rule 4(c) Report at 1. Specifically, Respondent indicates that

[m]edical personnel at the Division of Injury Compensation Programs, Department of Health and Human Services ("DICP"), have reviewed the Petition and medical records filed in the case. Based on that review, DICP has concluded that petitioner suffered a SIRVA of the right shoulder as defined by the Vaccine Injury Table. Specifically, petitioner had no history of pain, inflammation, or dysfunction of her right shoulder prior to vaccination that would explain her signs, symptoms, or findings after vaccination; the onset of pain occurred within 48 hours after receipt of an intramuscular vaccination; the pain was limited to the shoulder where the vaccine was administered; and, no other condition or abnormality has been identified to explain petitioner's right shoulder symptoms.

Id. at 7-8 (citing 42 C.F.R. §§ 100.3(a), (c)(10))(footnote omitted). Respondent further agrees that

DICP did not identify any other causes for petitioner's SIRVA, and based on the medical records outlined above, petitioner met the statutory requirements by suffering the condition for more than six months. See 42 U.S.C. § 300aa-13(a)(1)(B); 42 U.S.C. § 300aa-11(c)(1)(D)(I). Therefore, based on the record as it now stands, petitioner has satisfied all legal prerequisites for compensation under the Vaccine Act.

Id. at 8.

In view of Respondent's position and the evidence of record, I find that Petitioner is entitled to compensation.

IT IS SO ORDERED.
